PLYMOUTH TUBE COMPANY TO EXHIBIT AT POWER-GEN ASIA 2009

WARRENVILLE, IL - Plymouth Tube Company announces it will be exhibiting at Power-Gen Asia in Bangkok, Thailand booth #H22, October 7th through 9th at the IMPACT Exhibition & Convention Centre. During its 16 years, POWER-GEN Asia has grown to be the premier exhibition and conference, in South East Asia, for the power generation and transmission and distribution industries.

Thailand's 2007 Power Development Plan forecasts demand to increase from 26,235 MW in 2010 to 46,481 MW by 2020. In order to sustain economic growth, energy security to support the developing markets must be strengthened. Plymouth Tube is ready to take on that challenge by offering power generation tubing that is both quality driven and environmentally secure for use in many demanding applications. Visit our booth #H22, which provides a platform for Plymouth Tube to present solutions to technical and environmental issues in the energy industry.

Plymouth Tube Co. has been serving customers for over 85 years and has become the premiere global tube manufacturer for the energy market offering austenitic, ferritic and superferritic stainless steels sized .500" to 2" OD's, Carbon and Alloy tubing sized 1.250" to 5.563" OD's. Plymouth Tube proudly manufactures **SEA-CURE®** Condenser, **XtraLowStress®** Feedwater Heater, Boiler (MLR) and Oil & Gas Tubing.

About Plymouth Tube Co.

Headquartered in suburban Chicago with 11 manufacturing plants across the U.S., Plymouth Tube Co. is positioned for continued global growth supplying the aerospace, transportation, energy, and industrial markets. Steel, nickel and titanium extruded and cold drawn shapes are produced by Plymouth Engineered Shapes. Additionally, Plymouth Tube Co. Chicago Processing offers coil slitting as well as a wide variety of specialty edging options. Plymouth recently celebrated its 85th anniversary serving the steel tubing industry with continued manufacturing excellence practices and technical expertise that promotes industrial partnerships with many of their customers.
